

# Creating a Fully Edentulous Case

1. Login to Implant Concierge. Click on “Create Implant Concierge Case”.

2. For Implant Concierge to create your treatment plan, select the blue “Create a Case” button.

## Choose a Case

Select the type of case you would like to start for this patient

### Virtual Implant Treatment Planning

Choose this option to have Implant Concierge create a new Treatment Plan.

You may order additional services such as CBCT Scan, Radiologist Report, Surgical Guides and Provisionals.

Click [Create Case](#) to move on to our case creation page.

3. Fill in the blanks with the patient's information, and which Implant system the Doctor is planning to use.

## Create Case

Software / Guide Preference: **ImplantConcierge**

Step 1 / **Step 2** / Step 3

### Patient Information

First Name	<input type="text" value="First Name"/>
Last Name	<input type="text" value="Last Name"/>
Date of Birth	<input type="text" value="Date of Birth: Ex. 05/05/1955"/>
Gender	<input type="text" value="Specify Gender"/>

### Surgery Information

Surgery Date	<input type="text" value="When is surgery scheduled?"/>
--------------	---

You may leave blank if no date is set

### Implant Information

Guided Kit	<input type="text" value="What guided surgical kit will you be using?"/>	<a href="#">What is this?</a>
Implant Manufacturer	<input type="text" value="Choose a Manufacturer"/>	
Brand	<input type="text" value="Choose a Brand"/>	

Choose An Option Please indicate which arch implants will be placed in

- Maxilla Only
- Mandible Only
- Maxilla and Mandible

Then click the green "Next" button.

4. Fill out the tooth chart on the left (Current Dentate State) to reflect the patient's dentition at the time of the scan. For fully edentulous cases, please click on the "Fully Edentulous" button to clear all teeth from the "Current Dentate State" Tooth Chart. For the tooth chart on the right side (Ideal Restorative Plan), indicate where you would ideally like implants to be placed. Click on the tooth once, to have a virtual implant placed there.

#### 5. Hard Relined-Denture

It is imperative that the denture be well fitting. How the denture seats in the mouth is how the surgical guide will seat at the time of surgery.

#### Hard-Relined Denture

**Maxilla:** A well-fitting hard-relined denture must be worn during CBCT acquisition.

**Please ensure the patient has a well-fitting, hard-relined denture.**

#### 6. CAD/CAM Surgical Guide

Please click on "Yes". Keep in mind this is just an order form! Nothing is charged until the case is completed!

#### CAD/CAM Surgical Guide

4 implants \$225

Yes, I will order a surgical guide for this arch

## 7. CBCT Scan Acquisition

Please specify if one arch was scanned, or if both arches were scanned.

### CBCT Scan Acquisition

- I will furnish my own DICOM files.

#### CBCT Arch Preference

- Scan Maxilla Arch Only  
 Scan Both Arches

## 8. Proposed Restorative Plan

This is where you can write any restorative notes that you would like our team to be aware of when working on this case.

### Proposed Restorative Plan

#### Ideal Surgical Implant Protocol:

- Parallel all implants  
 Tilt posterior implants

#### Ideal Prosthetic Plan:

- Tissue Supported / Implant Retained Prosthesis  
 Fixed Prosthesis

Select Bridge Type ▼

#### Provide any notes about the proposed restorative plan

Please add any notes about the proposed restorative plan

### 9. Radiologist Interpretation

This is optional! If you would like a Board-Certified Radiologist to interpret your CBCT scan, then click on “yes” and select which entity you would like to provide your reading. Please provide your area of interest or instructions to the radiologist in the provided text box.

 **Radiologist Interpretation**

Yes, I will order a Radiologist interpretation

**1. Specify area of Interest**

Please enter any comments about the Interpretation

**2. Select a Radiologist**

- UT School of Dentistry at Houston**  
24 - 48 Hour Turnaround \$ 75
- Dental and Maxillofacial Radiology Omaha**  
3 - 5 Business Day Turnaround \$ 75
- U.T. Health Science Center**  
5 - 6 Business Day Turnaround \$ 75
- Texas A&M University Baylor College of Dentistry**  
24 - 48 Hour Turnaround \$ 75

10. Once you've reviewed the services and charges you have selected for this case, click “Create” to start your case!

Charges
