- Mandible Only
- Maxilla and Mandible

Next >

Then click the blue “Next” button.

Creating a Treatment Plan Translation Case

3. Fill out the tooth chart on *Step 1* to reflect the patient's dentition at the time of the scan. Click on a tooth once to designate it as "missing". Click on the tooth twice to show a dotted outline of the tooth, indicating it will be extracted at the time of surgery. Clicking the tooth, a third time places the tooth back on the chart as present.

Create Treatment Plan

Fully Edentulous

Reset Charts

Step 1

Click on teeth to mark as "Missing" or "To Be Extracted" at time of surgery

Dentate Status At Time Of Scan

4. For the tooth chart on *Step 2 (Proposed Restorative Plan)*, please specify your *ideal* implant sites. Click on the pontic site once to have a virtual implant placed there.

Step 2

Click on pontic icon to indicate proposed implant location

Proposed Restorative Plan

7. Treatment Planning:

Treatment Plan Translation - Upload your 3D treatment plan in one of our approved software formats along with your CBCT scan and your STL files or diagnostic casts. Once the files have been reviewed and accepted, Implant Concierge will translate your treatment plan into the RealGUIDE software for surgical guide design and fabrication. Select Treatment Plan Translation specify the treatment planning software you used in the drop-down. Then click the blue “Next” button. Please note, your charges will reflect on the right-hand side

***Option to Upgrade to Implant Concierge Virtual Implant Planning if needed.**

Translation services are ONLY available for PARTIALLY EDENTULOUS cases

11. Restorations: *Optional Service

If you would like to have a virtual wax-up created, please click on the desired tooth once, and it will reflect with a pink outline.

If you would like a surgery-ready provisional, please click on the tooth twice, and a pink pontic will reflect. Please note, a virtual wax-up is included in the provisional fee.

If no restoration services are needed, you can skip this section completely and click the green “Complete Order” button.

Restorative

To order a virtual waxup or surgery-ready provisional, click on restorative tooth chart.

The restorative section features three options on the left: WAXUP (1), PROVISIONAL SINGLE (2), and PROVISIONAL BRIDGE (3). To the right is a tooth chart with 32 numbered teeth (1-16 top, 17-32 bottom). A pink outline highlights tooth 11, and a pink pontic is visible on tooth 26.
